A Superior Learning Community

KIRKPATRICK ELEMENTARY STAFF COMMITMENT

Dear Parents and Guardians:

As the children enter our classrooms, they will be entering a world of opportunity. We want to be able to open the doors in their lives and prepare them for the future.

We will bring to them an educational experience that will be everlasting. We will create an environment that enhances and enriches their learning in order for them to reach their full potential.

We believe they have the ability to learn, we believe they have the ability to attain success, and most of all we believe in THEM!

Therefore, we dedicate our knowledge, our support, and ourselves to each of the children.

Sincerely,

The Kirkpatrick Elementary Staff

It is the mission of Maypearl Independent School District to educate and equip ALL students to their unique potential creating productive and successful citizens.
