Figure: 19 TAC §102.1307(d) Innovation District

A local innovation plan must be developed for a school district before the district may be designated as an Innovation District. A local plan must provide for a comprehensive educational program for the district, which may include:

- 1) Innovative Curriculum
- 2) Instructional Methods
- 3) Community Participation
- 4) Governance of Campuses
- 5) Parental Involvement
- 6) Modifications to the school day or year
- 7) Provisions regarding the district budget and sustainable program funding
- 8) Accountability and assessment measures that exceed the requirements of state and federal law; and
- 9) Any other innovations prescribed by the board of trustees.

A local innovation plan must identify requirements imposed by the Education Code that inhibit the goals of the plan from which the district should be exempted on adoption of the plan. The local innovation plan should specify the way a particular statute inhibits one or more goals of the plan.

Please use the form below to check the statutes specifically identified in your district's local innovation plan as inhibiting a goal of the plan. Checking a specific statute does not necessarily indicate eligibility for an exemption from all subsections of the statute. The local innovation plan controls regarding the specific exemptions adopted by a district. The form below provides a reporting mechanism to fulfill the reporting requirements of the statute. Entire sections of the code may not be eligible for exemption and each district should consult its legal counsel in developing its innovation plan.

Exemptions claimed for an Innovation District apply only to the specific provision of the Texas Education Code (TEC) cited, which may or may not be governed by a separate legal requirement. The exemption does not relieve the district of any requirement imposed by other state or federal law or a duty imposed under federal regulation, grant compliance, agency rule applicable to a charter school or a local legal requirement. Each district should consult its legal counsel to ensure adoption of necessary local policies to ensure compliance with all applicable legal requirements.

Please note that this is not an exhaustive list of exemptions.

Other

Please list any additional exemption required for your Innovation District Plan:

First Day of Instruction

TEC Code Requiring Exemption-

TEC 25.0811& EB (Legal): A school district may not begin instruction for students for a school year before the fourth Monday in August.

Benefit of Exemption for Maypearl ISD:

- District Improvement Committee will have the flexibility to start the school year after the first Monday in August or prior to the fourth Monday in August.
- Starting the school year three weeks or more prior to the fourth Monday will better balance the number of days within the two semesters, with Winter Break serving as a natural break between the two semesters.
- Increases instructional days prior to STAAR/EOC and other exams.

Certified Employee Contract Rights

TEC Code Requiring Exemption-

TEC 21.003, 21.102(b), & DC(Legal): For experienced teachers (or administrators) new to the district, the probationary period may not exceed one year if the person has been employed as a teacher in public education for at least five of the previous eight years.

Note: Special Education, Bilingual / ESL Teachers must continue to be SBEC certified.

Benefit of Exemption for Maypearl ISD:

- Experienced teachers, counselors, librarians, nurses, and administrators new to the district, would be eligible for two years of probationary contract period rather than limited to one year for the first two years of employment with the district.
- Often one year of probationary contract period is not enough time to evaluate the professional's effectiveness in the duties of the teacher, counselor, librarian, nurse, or administrator.
- Currently, professional contracts are renewed in March or April of each year and that limits the evaluator's time in evaluating the effectiveness of the professional to less than one year.

Teacher Evaluation

TEC Code Requiring Exemption-

TEC 21.352, DNA(Legal), & DNA(Local): The District shall appraise teachers annually using the Texas Teacher Evaluation and Support System (T-TESS) in accordance with law and administrative regulations.

Benefit of Exemption for Maypearl ISD:

- It allows the district the flexibility to develop an evaluation tool that best fits the needs of the district given the different nature of specific non-core classes or courses.

Local Guidelines:

The district administrative team may develop evaluation tools for Life Skills, Electives, and/or CTE courses. All evaluation tools must be approved by the Superintendent of Maypearl ISD prior to use.

Summary

The Maypearl ISD District of Innovation Plan is a culmination of a collaborative effort between community members, parents, teachers, administrators, and the Board of Trustees. The committee reviewed all available District of Innovation plans and all available areas of innovation allowed when developing this plan. This plan seeks to provide all Maypearl ISD students the best educational experience possible and works to continue our vision of being a Superior Learning Community.
