

# Meaningful Consultation/ Stakeholder Input

May 2022

# ESSER MEANINGFUL CONSULTATION/STAKEHOLDER INPUT

*(survey conducted May 2-6, 2022)*

We are nearing the end of another year post COVID. As you know, COVID affected many areas in education. The health of our school community and student learning loss have been top concerns for all school districts.

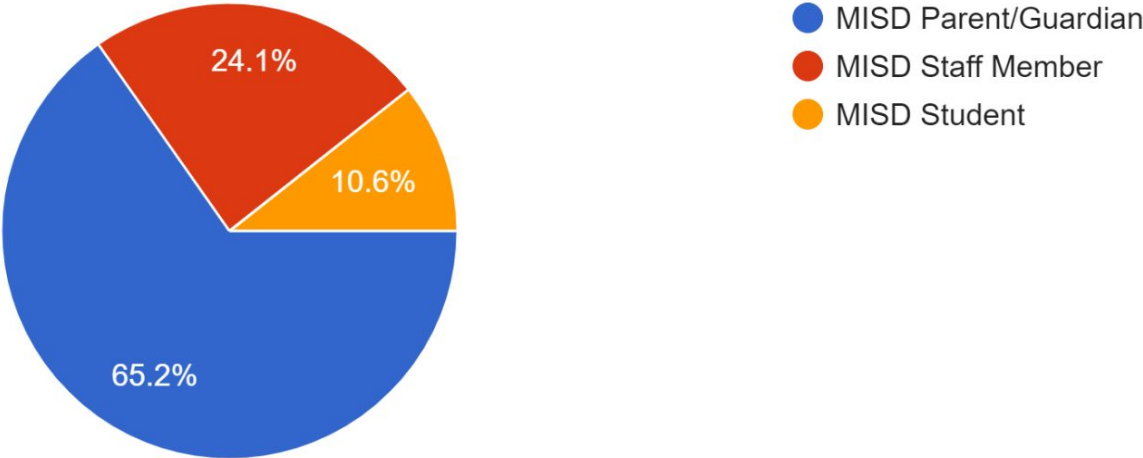

We are looking for feedback regarding our Safe Return to In-Person Instruction plan and our Continuity of Services plan that address both areas. Please consider responding to the survey found [HERE](#). The survey is anonymous. The results will be used for future planning.

If you have any questions, please contact [helpdesk@maypearlisd.org](mailto:helpdesk@maypearlisd.org).

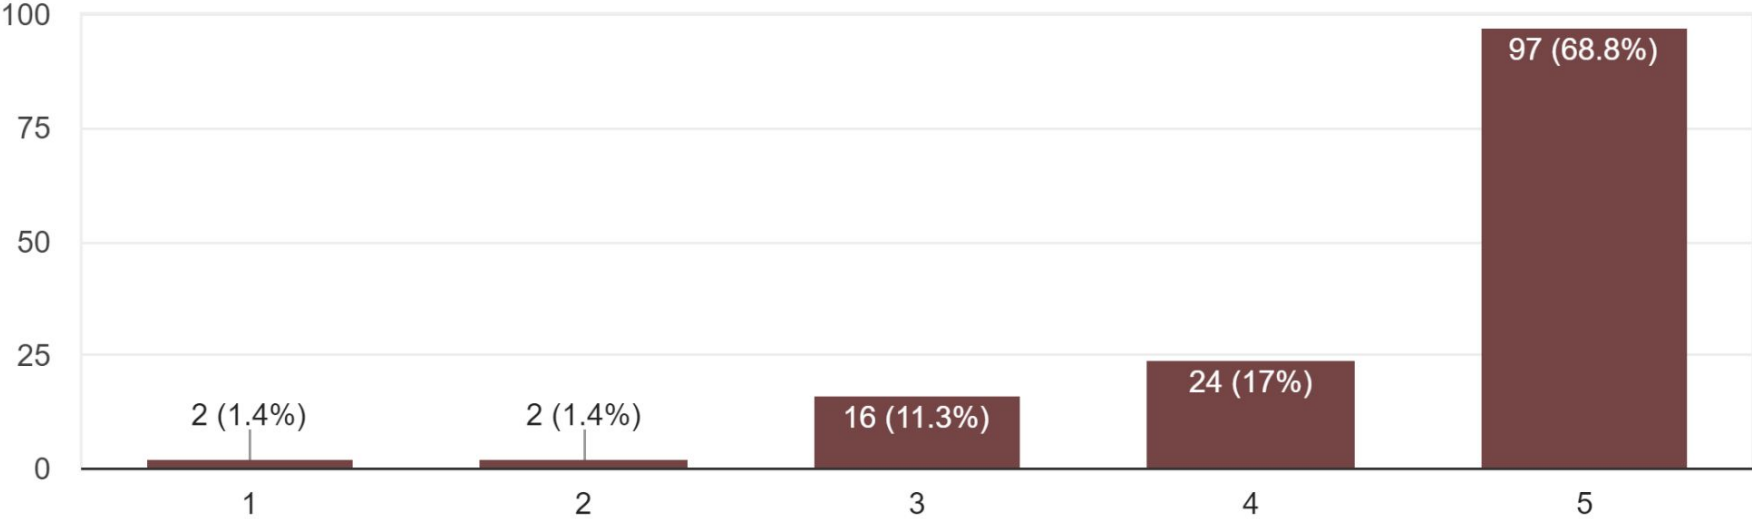

# What is your role in the Maypearl Independent School District?

The ESSER III plan above was developed by parent, community, and staff input to support the district's efforts in addressing learning loss, mental health, and other health issues. Do you agree these funds are allocated to meet those needs?
